Persistently Dangerous Schools

The Board recognizes that State and Federal law requires that the Corporation report annually incidents which meet the statutory definition of violent criminal offenses that occur in a school, on school grounds, on a school conveyance, or at a school-sponsored activity. It is further understood that the State Department of Education will then use this data to determine whether or not a school is considered "persistently dangerous" as defined by State policy.

Pursuant to the Board's stated intent to provide a safe school environment, the Corporation's school administrators are expected to respond appropriately to any and all violations of the Student Code of Conduct, especially those of a serious, violent nature. In any year where the number of reportable incidents of violent criminal offenses in any school exceeds the threshold number established in State policy, the Superintendent shall refer this to the *Safe School Committee* for the Corporation so that a plan of corrective action can be developed and implemented in an effort to reduce the number of these incidents in the s subsequent year.

When developed, the Superintendent shall make a report to the Board about this plan of corrective action and recommend approval and adoption of it.

In the unexpected event that the number of reportable incidents in three (3) consecutive school years exceeds the statutory threshold and the school is identified as persistently dangerous, students attending the school shall have the choice option as provided in Policy 5113.02 and AG 5113.02.

In addition, the Superintendent shall meet with the Safe School Committee, for the Corporation discuss the school's designation as a persistently dangerous school, and develop a plan of corrective action that can be implemented in an effort to reduce the number of these incidents in the subsequent year.

Victims of Violent Crime

The Board further recognizes that, despite the diligent efforts of school administrators and staff to provide a safe school environment, an individual student may be a victim of a violent crime in a school, on school grounds, on a school conveyance, or at a school-sponsored activity. In accordance with Federal and State law the parents of the eligible student shall have the choice options provided by Policy 5113.02 and AG 5113.02.
