To Whom It May Concern:

Re: Gibson Southern Titan Pump

Fastbreak Convenience Store, Ft. Branch location is proposing to donate .03/gallon from one dispenser to Gibson Southern School. We do this to create goodwill between the school and Fastbreak. We receive many requests throughout the year for donations for various activities. The approximate amount we donated to Mt. Carmel High School last year was \$2500.00.

If you decide to move forward, we request permission to use the Gibson Southern logo on the dispenser and that the proceeds go to the different organizations needing funds. We pay the proceeds quarterly and the school would be over distributing it to the different sports, music etc. We want our name listed as advertisers in the areas where it is given.

Sincerely,

FASTBREAK CONVENIENCE STORES

Brad Andrews  
Operations Manager
