Cc: Mitchell Rea <mrea@haferdesign.com>

Gentleman, attached are the formalized bid tabulation results from today's bids. To meet the project budget and allow room for contingencies, it is recommended to proceed with the Base Bid and Alternate # 1 at Haubstadt Community School only. The full intent is to proceed with Owensville's scope of work for next project.

With this, it is recommended to proceed with the low bid of \$1,229,000 from Haase Mechanical for this scope of work.

I will have the bids scanned and will send digital copies to you as soon as possible for your records.

JESS PARK, PE

Associate, Mechanical Engineer

P: 270.926.1331 / C: 270.823.6646
